

Primary Gymnastics Course

This one-day course aims to develop attendees' confidence and ability to plan and deliver safe and effective gymnastics lessons.

This will be achieved through the sharing of planning tools, practical exploration of a gymnastics unit of work, covering step by step progressions for forward roll, backward roll, headstand, handstand and cartwheel. Health and safety considerations will be addressed including those associated with the safe handling, layout and use of a range of apparatus. Attendees will also have the opportunity to work together to apply their learning through a live planning activity.
